Day-Treka

Equi-Trek Day-Treka

The Day-Treka is a rear facing, spacious two horse trailer with a large tack area which is totally separate from the horse area.

It is fitted with two saddle and bridle racks and two coat hooks.

The wood free structure and composite panels make the Day-Treka light-weight but still strong and robust. It provides 7ft 9inch headroom with fully enclosed travel and a low, wide ramp, making this the number one choice for the discerning owner.

Standard gross weight is 2,000kg. It is also available in a 2,500kg and 3,000kg gross weight chassis upgrade to give a class leading payload.
