Sonic Five 3500kg / 4500kg

Please note some images may show optional extras not included as part of the base specification.

# Equi-Trek Sonic Five

The compact, versatile and easy to drive Sonic Five 3,500kg offers a five seater cab with five seat belts; designed with family and friends in mind.

It is also available with a gross maximum weight of 4500kg to cater for the owner who requires a greater payload with upgraded axles to legally carry the extra load.

The belt anchorages and installation have been rigorously tested and conform to 2005/41/EC, making them fully EU type approved for safety and confidence. Powered by a powerful HDI diesel engine which complies with the latest European emission standards, gives the Sonic Five effortless performance and outstanding economy.

The rear seats have the option of converting to two bunks for overnight stays.

The Sonic Five has the added benefit of a tack and changing room that is totally separate from the horses. This incorporates two saddle racks, two bridle racks and two coat hooks. There is also additional storage over the cab.
